

The Indiana Commission to Combat Drug Abuse

Behavioral Health Division

Comprehensive Community Plan

County: Wayne County

LCC Name: Drug Free Wayne County Partnership

LCC Contact: Megan Broeker

Address: 498 North West 18th Street

City: Richmond

Phone: 765-499-0719

Email: drugfreewaynecoutypartnership@gmail.com

County Commissioners: Mary Anne Butters, Ken Paust, and Denny Burn

Address: 401 East Main Street

City: Richmond

Zip Code: 47374

Vision Statement

What is your Local Coordinating Council's vision statement?

“Working together today to build a safer and drug-free community for tomorrow.”

Mission Statement

What is your Local Coordinating Council's mission statement?

“Support and encourage the prevention, education, treatment and law enforcement in the fight against substance misuse and substance misuse related issues.”

#	Name	Organization	Race	Gender	Category

County LCC Name: Partnership for a Drug Free Wayne County

LCC Meeting Schedule:

Please provide the months the LCC meets throughout the year:
January, February, March, April, May, June, July, August, September, October, November, December

Community Needs Assessment: Results

The first step in developing an effective substance use and misuse reduction plan is to assess your community. A community assessment tells you about your community's readiness to implement prevention, treatment, and justice-related programs to address substance use and misuse. An assessment also provides an overview of the risk and protective factors present in the community, helping your coalition plan more effectively.

Community Profile

County Name
Wayne County
County Population
65,936
Schools in the community
Richmond Community Schools, Western Wayne School Corporation, Centerville-Abington Community Schools, Nettle Creek School Corporation, Northeastern School Corporation, Community Christian School, Friends School, Seton Catholic
Medical care providers in the community (hospitals, health care centers, medical centers/clinics, etc.)
Reid Health, Richmond State Hospital, State Line Medical, Wayne County Health Clinic, Werlne, Achieva
Mental health care providers in the community (hospitals with psychiatric/behavioral health units, mental health clinics, private/public providers, etc.)

<p>Meridian Health Services, Centerstone, CleanSlate, Wernle, 228 Club, PEACE, Richmond Comprehensive Treatment Center, Richmond State Hospital, ACoA, Al-Anon,</p> <p>https://www.waynet.com/socialservices/default.htm</p>
<p>Social Service agencies/organizations</p> <p>Meridian Health Services, Centerstone, Wernle, 211, Circle U, Cross Roads to Recovery, Hope House, Richmond Treatment Center,</p>
<p>Local media outlets that reach the community</p> <p>White Water Broadcasting, Brewer Broadcasting, Facebook, drugfreewaynecounty.org</p>
<p>What are the substances that are most problematic in your community?</p> <p>Alcohol, marijuana, heroin, opiates/opioids</p>
<p>List all substance use/misuse services/activities/programs presently taking place in the community</p> <p>NA/AA meetings, Recovery Church, Centerstone Substance Misuse program, Meridian Health Services case management, Wernle, CleanSlate, CERT, HOPE house, Nar-Anon, Richmond Treatment Center</p>

Community Risk and Protective Factors

Use the list of risk and protective factors to identify those present in your community. Identify the resources/assets and limitations/gaps that exist in your community related to each. The lists are not all-inclusive and others may apply.

Risk Factors Examples: trauma and toxic stressors; poverty violence; neighborhood characteristics; low neighborhood attachment; community disorganization; community norms and laws favorable toward drug use, firearms, and crime; availability of alcohol and other drugs; weak family relationships; family substance use; peer substance use; mental health problems; families moving frequently from home to home; limited prevention and recovery resources.

Protective Factors Examples: strong family relationships; neighborhood economic viability; low childhood stress; access to health care; access to mental health care; community-based interventions; restricted access to alcohol and other drugs including restrictive laws and excise taxes; safe, supportive, and connected

neighborhoods; meaningful youth engagement opportunities; local policies and practices that support healthy norms and child-youth programs; positive connection to adults.¹

Risk Factors	Resources/Assets	Limitations/Gaps
1. Accessibility	<ol style="list-style-type: none"> 1. Inspect through Pharmacies 2. Tobacco 21 3. Recovery Works 	<ol style="list-style-type: none"> 1. Local Policy 2. Lack of barriers at community events 3. Location off of I-70.
2. Mental Health	<ol style="list-style-type: none"> 1. Reid Health-In-patient and out-patient 2. Richmond State Hospital 3. CMHC's 	<ol style="list-style-type: none"> 1. Stigma 2. Funding 3. Access/lack thereof
3. Community Norms/Community Knowledge	<ol style="list-style-type: none"> 1. Boys & Girls Clubs of Wayne County 2. Media Campaigning 3. Centerstone (family portion) 	<ol style="list-style-type: none"> 1. Lack of Funding 2. Involve parents with outreach 3. Stuck in the "now"
Protective Factors	Resources/Assets	Limitations/Gaps
1. Recovery/Treatment Groups	<ol style="list-style-type: none"> 1. Faith Based Organizations 2. Free Meetings 3. # of providers in Wayne County 	<ol style="list-style-type: none"> 1. Stigma 2. Finances/lack of funds 3. Lack of knowledge of services provided
2. Community Based Interventions	<ol style="list-style-type: none"> 1. CERT 2. Needle Exchange Program 3. CMHC's 	<ol style="list-style-type: none"> 1. Law enforcement/political opposition 2. Stigma 3. Cost
3. Educational Programs	<ol style="list-style-type: none"> 1. Lunch & Learns 	<ol style="list-style-type: none"> 1. No weekend events 2. Parent buy-in

¹Risk and protective factors extracted from IUPUI Center for Health Policy Community Conditions Favorable for Substance Use, April 2018.

	2. After School Programming- ie BGC, TCC, Girls Inc. 3. Health/job fairs	3. Transportation/lack of incentives
--	---	--------------------------------------

Making A Community Action Plan

Now that you have completed a community assessment and have identified the risk and protective factors that exist, you can develop a plan of action. The Comprehensive Community Plan (CCP) is a systematic and community-driven gathering, analysis, and reporting of community-level indicators for the purpose of identifying and addressing local substance use problems.

Step 1: Create problem statements, and ensure problems statements are in line with statutory requirements

Step 2: Ensure your problem statements are evidence-informed, then prioritize

Step 3: Brainstorm what can be done about each

Step 4: Prioritize your list, and develop SMART goal statements for each

Step 5: List the steps to achieve each goal

Step 1: Create + Categorize Problem Statements

Create problem statements as they relate to each of the identified risk factors.

Risk Factors	Problem Statement(s)
1. Mental Health	1. Adults & youth in Wayne County are using opioids and heroin. 2. Adults in Wayne County are abusing alcohol. 3. Youth in Wayne County are engaging in alcohol use 4. Adults and youth in Wayne County are using marijuana.
2. Accessibility	1. Adults & youth in Wayne County are using opioids and heroin.

	<ol style="list-style-type: none"> 2. Adults in Wayne County are abusing alcohol. 3. Youth in Wayne County are engaging in alcohol use 4. Adults and youth in Wayne County are using marijuana.
3. Community Norms/Knowledge	<ol style="list-style-type: none"> 1. Adults & youth in Wayne County are using opioids and heroin. 2. Adults in Wayne County are abusing alcohol. 3. Youth in Wayne County are engaging in alcohol use 4. Adults and youth in Wayne County are using marijuana.

Step 2: Evidence-Informed Problem Statements

Identify your top three problem statements using local or state data. Ensure that there is a problem statement for each co-equal funding category (e.g., prevention/education; intervention/treatment; and criminal justice services and activities).

Problem Statements	Data That Establishes Problem	Data Source
1. Adults and youth in Wayne County are using illicit hard drugs specifically opioids and stimulants.	<p>Centerstone 2020:</p> <ul style="list-style-type: none"> • 34.9% of total adult clients received treatment for opioid use. • 37 % of total adult clients received treatment for stimulants • 5% of total youth clients receiving treatment for stimulants <p>Meridian Health Services 2020:</p> <ul style="list-style-type: none"> • 28.9% of total adult clients received treatment for opioid use. • 25.1% of total adult clients received treatment for stimulants <p>RPD:</p> <ul style="list-style-type: none"> • Responded to 344 overdose incidences in 2020 • 59% of arrests were possession or dealing related to stimulants (Oct.1 – Dec.31, 2020) <p>RPD K9 Numbers:</p> <ul style="list-style-type: none"> • Methamphetamine: 196.7 grams=6.93 ounces • Marijuana: 127.6 grams=4.5 ounces • Heroin: 60.6 grams=2.13 ounces 	Centerstone 2020, Meridian 2020, RPD 2020

	<ul style="list-style-type: none"> • THC vape: 29.6 ml • Mushrooms: 5.8 grams 	
2. Adults & youth in Wayne County are misusing alcohol.	<p>INYS 2018-</p> <ul style="list-style-type: none"> • 29.5% of 12th graders reported using alcohol in past 30 days • 21% of 10th graders reported using alcohol in past 30 days <p>INYS 2020-</p> <ul style="list-style-type: none"> • 14.% of 7th graders report using alcohol in the past 30 days • 14.2% of 8th graders report using alcohol in the past 30 days <p>Centerstone 2020:</p> <ul style="list-style-type: none"> • 25% of total youth clients received treatment for alcohol use. • 44.4% of total adult clients received treatment for alcohol use. <p>Meridian Health Services 2020:</p> <ul style="list-style-type: none"> • 7.6% of total adult clients received treatment for alcohol use. <p>RPD:</p> <ul style="list-style-type: none"> • 386 court filings for Operating a Motor Vehicle While Intoxicated • 36 intoxicated drivers in Wayne County in 2020 • 199 intoxicated person in Wayne County in 2020 	Centerstone 2020, Meridian 2020, INYS 2018, INYS 2020,RPD
3. Adults & youth in Wayne County are using marijuana.	<p>INYS 2018-</p> <ul style="list-style-type: none"> • 17.3% of 12th graders reported using alcohol in past 30 days • 12.6% of 10th graders reported using alcohol in past 30 days <p>INYS 2020-</p> <ul style="list-style-type: none"> • 5.9% of 7th graders reported using alcohol in past 30 days • 8.4 % of 8th graders reported using alcohol in past 30 days <p>Centerstone 2020:</p> <ul style="list-style-type: none"> • 82% of total youth clients received treatment for marijuana use. • 44.4% of total adult clients received treatment for marijuana use. <p>Meridian Health Services 2020:</p> <ul style="list-style-type: none"> • 100% of total youth clients received treatment for marijuana use. (n=4) • 12.6% of total adult clients received treatment for marijuana use. 	Centerstone 2020, Meridian 2020, INYS 2018, INYS 2020

Step 3: Brainstorm

Consider the resources/assets and limitations/gaps that were identified for each risk factor, and list what actions can be taken for each identified problem statement.

Problem Statements	What can be done (action)?
1. Adults & youth in Wayne County are using illicit hard drugs specifically opioids and stimulants.	<ol style="list-style-type: none"> 1. Support agencies engaged in the treatment of opioids and stimulants addiction through funding or promotion of evidence-based practices. 2. Support law enforcement efforts to reduce access to opioids and stimulants. 3. Support agencies engaged in the prevention of opioids and stimulants use through funding or promotion of evidence-based practices.
2. Adults & youth in Wayne County are misusing alcohol.	<ol style="list-style-type: none"> 1. Support agencies engaged in the evidence-based treatment of alcohol misuse 2. Support evidence-based awareness activities in Wayne County. 3. Promote the sober community events via social media and monthly e-blasts
3. Adults & youth in Wayne County are using marijuana.	<ol style="list-style-type: none"> 1. Promote/support local alternative activities for youth 2. Support agencies engaged in the treatment of addiction to marijuana. 3. Support efforts that increase awareness of the dangers of using marijuana.

Step 4: Develop SMART Goal Statements **FIRSTORDER**

For each problem statement, prioritize your list of what can be done. Choose your top two actions for each. Then, develop goal statements that demonstrate what change you hope to achieve and by when you hope to achieve it.

Problem Statement #1	
Goal 1	Increase the number of adults seeking treatment for opioid and stimulant addiction by 3% by 2022.
Goal 2	Reduce overdose rate by 3% by 2022.
Problem Statement #2	
Goal 1	Increase the number of individuals entering into treatment for alcohol misuse/addiction by 2% by 2022.
Goal 2	Offer 4 community events centered around reducing alcohol use by 2022, reaching a minimum of 15 individuals at each event.
Problem Statement #3	
Goal 1	Increase the numbers of individuals entering into treatment for marijuana use by 5% in 2022
Goal 2	Be below the National average on the Indiana Youth Survey (INYS) for marijuana in 2022.

Step 5: Plans to Achieve Goals

For each goal, list the steps required to achieve each

Problem Statement #1	Steps
Goal 1 Increase the number of adults seeking treatment for opioid and stimulant addiction by 3% by 2022.	<ol style="list-style-type: none"> 1. 1. Support agencies engaged in the treatment of opioid and stimulant addiction through funding or promotion of evidence-based practices. 2. Support law enforcement/justice efforts to increase awareness of treatment options. 3. Support agencies engaged in the prevention of opioid and

	stimulant use through funding or promotion of evidence-based practices/treatment.
<p>Goal 2</p> <p>Reduce overdose rate by 3% by 2022.</p>	<ol style="list-style-type: none"> 1. Support agencies engaged in the treatment of heroin and opiate addiction through funding or promotion of evidence-based practices. 2. Support law enforcement/justice efforts to reduce access to heroin and opiates. 3. Support agencies engaged in the prevention of heroin and opiate use through funding or promotion of evidence-based practices/treatment.
Problem Statement #2	Steps
<p>Goal 1</p> <p>Increase the number of individuals entering into treatment for alcohol misuse/addiction by 2% by 2022.</p>	<ol style="list-style-type: none"> 1. Support agencies engaged in the evidence-based treatment of alcohol misuse 2. Promote evidenced based awareness treatment activities in Wayne County. 3. Support agencies engaged in prevention and law enforcement/justice efforts for alcohol treatment.
<p>Goal 2</p> <p>Offer 4 community events centered around reducing alcohol use by 2022, reaching a minimum of 15 individuals at each event.</p>	<ol style="list-style-type: none"> 1. Support agencies engaged in the evidence-based treatment of alcohol misuse to spread awareness, offer support, etc. 2. Support evidence-based awareness activities in Wayne County aimed at reducing alcohol use. 3. Promote community events aimed at reducing alcohol use.
Problem Statement #3	Steps
<p>Goal 1</p> <p>Increase the numbers of individuals entering into treatment for marijuana use by 5% in 2022.</p>	<ol style="list-style-type: none"> 1. Support agencies engaged in the evidence-based treatment of marijuana use. 2. Promote evidenced based awareness treatment activities in Wayne County.

	3. Support agencies engaged in prevention and law enforcement/justice efforts for marijuana treatment.
Goal 2 Be below the National average on the Indiana Youth Survey (INYS) for marijuana in 2022.	1. Promote/support local alternative activities for youth aimed at reducing marijuana use. 2. Support agencies engaged in the treatment of marijuana. 3. Support efforts that increase awareness of the dangers of using marijuana.

Fund Document

The fund document allows the LCC to provide finances available to the coalition at the beginning of the year. The fund document gauges an LCC's fiscal wellness to empower their implementation of growth within their community. The fund document also ensures LCCs meet the statutory requirement of funding programs within the three categories of (1) Prevention/Education, (2) Treatment/Intervention, and (3) Criminal Justice Services and Activities (IC 5-2-11-5).

Funding Profile

Amount of funds deposited into the County Drug Free Community Fund from fees collected last year (\$100.00): \$60,270.94
Amount of unused funds that rolled over from the previous year (\$100.00): \$976.80
Total funds available for programs and administrative costs for the upcoming year (\$100.00): \$61,247.74
Amount of funds granted the year prior (\$100.00): \$61,247.74
How much money is received from the following entities (if no money is received, please enter \$0.00):
Substance Abuse and Mental Health Services Administration (SAMHSA): \$0
Bureau of Justice Administration (BJA): \$0.00
Office of National Drug Control Policy (ONDCP): \$0.00
Indiana State Department of Health (ISDH): \$0.00
Indiana Department of Education (DOE): \$0.00
Indiana Division of Mental Health and Addiction (DMHA): \$0.00
Indiana Family and Social Services Administration (FSSA): \$0.00
Local entities: \$0
Other: CDC- \$125,000 (DFC Grant)
Funding allotted to prevention/education; intervention/treatment; and criminal justice services and activities (\$100.00):

Prevention/ Education: \$15,312	Intervention/ Treatment: \$15,312	Justice: \$15,312
Funding allotted to Administrative costs:		
<i>Itemized list of what is being funded</i>		<i>Amount (\$100.00)</i>
Liability Insurance		\$305
Administrative Cost for holding local grant (Wayne County Chamber Center For Excellence)		\$0
Director Salary		\$15,006.74
Funding allotted by Goal per Problem Statement:		
Problem Statement	Problem Statement	Problem Statement
#1 Goal 1: \$7,656	#2 Goal 1: 7,656	#3 Goal 1: 7,656
Goal 2: \$7,656	Goal 2: 7,656	Goal 2: 7,656
